Rattlesnakes still are capturing headlines around Central Texas. There was a picture in an area daily of some people who killed about a dozen rattlers. And The Herald had a picture of 50 rattlers killed at Clarkston.

Ed Koessler, of Maysfield, killed 17 more rattlers and Jack Pond one of the three men who killed the 50 at Clarkston last week, said he had caught another den and killed them after that.

It seems as if the entries are a bit handsomer every year in the Milam Junior Livestock Show. These county youngsters are certainly proving their abilities in raising livestock of all kind.

Such a show tells why Milam County produces just about as much beef cattle as any county for its size in Texas.

We are happy to report that the Cameron area received only 1.25 inches of rain during the past seven days.

Things were getting kind of soggy until the sun decided to shine. We noticed one garage floor, which was gravelled, that threatened to swallow the owner's car. When he drove in, the wheels would sink several inches in the gravel. And the gravel appeared to be sinking out of sight.

It was safer for this fellow to park in the driveway in the rain.

## 12 Winners Named In Bowling Meet At Cameron Lane

Prizes went to 12 winners in the women's bowling tournament held this week at Cameron Bowling Lanes.

And the team championship went to the Falstaff team composed of Annie Schattle, Frances Villines, Della Moraw, LaVerne Slavik and Lois Matula.

Singles winners were: first, Lillie Jo Zalesky, with a 600; second, Frances Villines, 588; third, Annie Schattle, 561; fourth, Annette Mees, 558; and fifth, Clara Humpalik, 556.

Doubles winners were: Marie Ann Laake and Frances Villines, 1110; second, Pat Tittsworth and Gladys Humpalik, 1101; and third, Lillie Jo Zalesky and Clara Bishop, 1067.

Both doubles and singles events were handicap contests.

In the all events competition, not handicapped, winner of Class A was Annette Mees with a 1485; Class B, Frances Villines, 1383; Class C, Pat Tittsworth, 1289; and Class D, Lillie Jo Zalesky, 1287.

Trophies went to first place winners in singles and double events and all events winners. They will be awarded in about two weeks.

## Prescott Discusses

## Law Enforcement

## With Police, Judges

About 40 Milam County, precinct and area law enforcement officials met with County Atty. Jack Prescott Friday in Milam District Court to discuss points of law and consider the new prosecutor's general policies.

Prescott told the group he would be reasonable in enforcing laws on the books, but the laws would be enforced.

He urged justices of the peace to keep good records for better legal precedent and practice throughout the county.

The informal session was opened up for questions and answers and legal requirements of bad check cases, drunk driving and other violations were discussed by Prescott.

Among the group were Texas Highway Patrol officers, Cameron city police, Milam Sheriff's Dept. personnel, precinct constables and justices.

Jan Parmalee (above) of Rockdale exhibits her Grand Champion Angus calf which topped the list of winners in the Milam County Junior Livestock show in Cameron Saturday. Jan, daughter of Dr. and Mrs. J. J. Parmalee of Rockdale, is a member of the County-wide 4-H club. Besides the ribbon she was awarded a bronze trophy by the Capital Hereford Association. Standing beside her is the judge of the show, Melke Dahlberg, head of the animal Husbandry Department of Texas A&M College. Jan also won second in the light steer division. Johnnie Ray Richter (left) won the Grand Championship of the swine Division with his entry of a Duroc Barrow. He also showed the reserve champion and the first and second place in the unbred gilts. In the light steer division he won first and sixth and captured the showmanship award. Johnnie Ray is the son of Mr. and Mrs. Johnnie Richter of Cameron.

## Junior Livestock Champions

## Rockdale Girl Leads JLS

Jan Parmalee, daughter of Dr. and Mrs. J. J. Parmalee, of Rockdale, led a list of winners in the Milam County Junior Livestock Show Saturday when she exhibited the grand champion calf.

Marred last year by rain, the show this year enjoyed steady crowds of onlookers on a windy, Square.

About 75 entries of outstanding stock were entered by Milam County FFA and 4-H contestants. Chamber Manager Jack DuBois said. A complete list of winners is on an inside page.

The grand champion calf was an Angus shown by Miss Parmalee. The calf was bred by Bill Kosel of Ben Arnold.

Jan is a member of the Milam County - wide 4-H Club and fed under the supervision of County Agent, J. D. Moore. Jan was awarded a beautiful bronze trophy by Marcel Walker, Hereford Breeder. The trophy was donated by the Capital Area Hereford Association. Jan plans to show her calf at the Houston Stock Show.

The reserve champion calf was shown by Patricia McClaren, daughter of Mr. and Mrs. H. L. McClaren of the Marlow community.

The calf was a County - wide 4-H member.

The showmanship award in this event went to Martin Jistel.

In the sheep division, Brent Laywell, son of Mr. and Mrs. Ed Laywell of Cameron, showed the grand champion fat lamb with his Southdown entry. Brent is a County - wide 4-H member.

The reserve champion fat lamb was shown by Thomas Fisher, son of Mr. and Mrs. Bill Fisher of Route 3, Cameron. Thomas showed a Southdown lamb. He is a member of the Cameron FFA Chapter.

The showmanship award in the sheep Division was won by Thomas Fisher.

In the Swine Division, Johnnie Ray Richter showed the grand champion entry. Johnnie Ray also showed the reserve champion entry. Both entries were Durocs and were bred and fed by Johnnie Ray.

The showmanship award in the Swine Division was won by Patsy Tittsworth, daughter of Dr. and Mrs. Robert Tittsworth of Cameron. Patsy won the award showing her Yorkshire barrow. She won the Showmanship Award at the Dallas Fair last fall. Patsy is a member of the Milam County wide 4-H Club.

## LL Officials Organize For 1961 Baseball

Officers and directors of the Cameron Little League Association organized Tuesday night for the 1961 Little League - Babe Ruth baseball season.

Officers re-elected were Basel Wilson, president, and Jim Edwards, secretary. Elected vice-president was John A. Smith.

Wilson said a meeting date of February 7 has been set for all officers, managers and coaches to complete plans for the summer baseball program.

He said directors for the 1961 year would be elected that night. Wilson added that applications are being called for a summer supervisor to direct the program this year. He would handle administration and programming of the Little League and Babe Ruth teams.

League officials are also planning to discuss a Lasso League for girls this summer. The Lasso League program has been developed by the national Little League Association and would provide uniforms and a playing schedule for girls of this area.

## Services Held For Former Milam Man, John D. Williams

Funeral services were held 2 p. m. Wednesday from the Chapel of Green Funeral Home for John Douglas Williams, age 48.

Rev. Jewel Strong officiated with burial in Oak Hill Cemetery. Williams, born in Cameron, was educated in the Cameron schools and was a well known athlete during his school days. He moved to Houston about 25 years ago. He passed away Sunday in a Houston hospital following a brief illness.

He is survived by his mother, Mrs. Betty Williams of Cameron; one brother Clyde Williams of Houston and one sister, Mrs. Henrietta Tucker of Cameron.

Palbearers were Dean White, George Miller, Nig Moody, Howard Tucker, John S. Batte, James Tucker, Norris Rogers and Vaughn Jenness.

## City's Yule Mail Heavier In 1960

Postmaster J. R. Hays has released the local Christmas mail volume report showing an increase in mailings over last year. Hays reported 239,709 pieces for December 1960 compared to 234,851 in 1959.

Nationally, Postmaster General Arthur E. Summerfield predicts that monthly reports will show a record mail volume for the 1960 Christmas mail season.

## Board OK's Academic Plans

The Cameron School Board Thursday approved a special class for first - grade students and plans for academic improvements at Ada Henderson School.

Board members discussed a grouping program for students in the first grade who either have language problems or who start classes late in the fall semester.

The program, submitted by Ben Milam Principal Max McClaren, was approved for use beginning at mid - term this year.

And a three - step program to improve academic studies at Ada Henderson School also received board approval.

Included were: plans for teaching algebra to the advanced math class in the eighth grade; plans to award a test exemption to students based on grade, conduct and attendance merit; and purchase of three mobile science labs.

Officials said proceeds from the Ada Henderson School carnival will be used toward the purchase of the cost. And the school district will pay the balance.

Board members also approved testing some new material for surfacing the three Yoe High School tennis courts. If the new material is satisfactory, officials said, the three courts will be resurfaced completely.

In other action the board accepted a check of \$200 from the

## CofC Views Need For Nursing Home

Chamber President Dr. S. H. Richardson Friday announced committee appointments for the March Chamber banquet and heard committee reports from C of C industrial, nursing home and other committees.

Narvie Caperton, chairman of a special Chamber committee studying possibilities for a nursing home in Cameron, reported that a seven-man Chamber committee has found it possible for a 20-patron nursing home in Cameron.

The Chamber directors recently heard a report on nursing home requirements from a representative of the Texas Dept. of Health. Caperton said committee members are planning to visit nursing homes in nearby cities to survey further the exact cost and operation of a nursing home.

Chamber directors voted to undertake the establishment of an industrial foundation in Cameron following the discussion of its workings.

Industrial committee chairman Lester Williams also reported on recent inquiries and contacts with prospective industry, pointing out that successful industrial location in many Texas cities has been accomplished through well-organized industrial groups.

County Judge Don G. Humble, also a Chamber director, said prior contracts by the Chamber with the county on using the county farm as an industrial site met

## 120 Hear Vasek At Grid Banquet For YHS Players

A near capacity crowd Monday heard John A. Vasek, Waco Reicher High grid coach, remind YHS gridders of their responsibilities at the 15th annual K of C football banquet.

Speaking before more than 120 players, coaches, guests and K of C members, Vasek recounted the responsibilities of football players to their school, community and emphasized their influence throughout the student and adult community.

Introduced by Charlie Burke, Vasek also explained the athletic plant of Reicher High School, built eight years ago in Waco. Leo Laake, grand knight of the Cameron Knights of Columbus, welcomed the group in behalf of the K of C organization.

Master of Ceremonies John Andres also introduced YHS head coach Bill Bates who in turn presented his 1960 football squad and assistant coaches, Jack Larimore, Wallace Johnson and Harrison McLerran.

The group ate a barbecue chicken dinner at the K of C Hall.

## Officials Seek Plans To Pave, Not Patch 'Ways'

City councilmen Tuesday discussed the need for a comprehensive street program and asked Public Works Supt. J. B. Earle to outline streets needing immediate attention.

Councilman Roy Griffith told fellow councilmen he felt that a program of seal coating streets would save money for the city since a great deal of patching is a heavy short term expense.

He quoted figures that it costs about \$24 a load for patching materials to fill chuckholes and washouts on city streets compared to a cost of 20 cents per square yard for seal coating materials.

Mayor Coleman Duncan asked Earl and Griffith to tour Cameron and work up a plan of seal coating streets on longrange program similar to the current drainage program now being carried out by the city.

Councilmen Richard Moseley, John A. Smith and E. L. Wied also cited the need for a program of annual street surfacing and improvement.

## Priority Program

Moseley suggested that Earl draw up a priority program for those streets that need seal coating and heavy maintenance.

Councilmen cited the need for paving on W. Third near the First Methodist Church, on E. Sixth and Seventh Sts. while Earl said a street needing paving is South College.

While streets dominated the discussion, the Council called for paving E. 11th St., a scheduled project, as soon as weather is clear and all payments or liens are completed by residents participating with the city in the paving project.

Officials said that some residents had asked for the contracts and were ready to arrange details so paving could begin. A group of E. 11th St. residents requested the project last year. They sought both paving and curbing.

Mayor Duncan also asked Earl to check requirements for paving and sewerage service to E. Gillis Sts. where residents are also seeking street improvements.

## Discuss Financing

In a general discussion of street paving programs, the Council discussed ways to rotate funds through a special paving account to keep street improvements going the year around.

City Sec. John Andres was advised to contact A. C. Upleger & Co., public accountants, to see if a policy for budgeting and using street funds is feasible under approved accounting methods.

In other action, the Council approved a request Police Chief Edwin Hoskins to paint yellow pedestrian walkway stripes at downtown intersections. He said the small buttons painted yellow soon lost the paint covering and were difficult for motorists to see.

Councilmen also heard a presentation by Mrs. Peggy Florida, representing Texas Central Life Co., concerning a retirement insurance program for city employees, paid for by employees. The council took the offer under advisement for further study before approval.

# Federal Ship Driven From Charleston

By Robert Stonedale  
Cameron Herald Correspondent  
CHARLESTON, SOUTH CAROLINA, January 15, 1961. — The United States Steamship, "Star Of The West" arrived off the entrance to Charleston Harbor six days ago, and attempted to land reinforcements and supplies for the Yankee forces occupying Fort Sumter. South Carolina batteries on Morris Island and at Fort Moultrie drove the intruder away in a hail of shells, and she steamed seaward at full speed after abandoning the attempt. As the Yankee ship demonstrated her unwillingness to face the guns of freedom, the patriotic citizens of Mississippi ordained an Act separating their great and Sovereign State from the mongrel republic, thus establishing the land of the beautiful magnolia in the family of Independent Nations.

At dawn on the 9th, The Star Of The West steamed rapidly past Cummings Point, inbound for Sumter. Hoisting a red Palmetto Flag, one of Colonel deSousa's South Carolina batteries opened with a well-placed shot across her bow. Within moments the Yankee ship, which was crowded with troops, had been struck twice near the stern.

Passing the batteries on the Point, she approached within the extreme range of the heavy guns in Fort Moultrie which quickly took up the challenge. Four of the Columbiads and two of the rifled cannon roared and sent waves of thunder echoing across the harbor. While hastily dressed citizens rushed to the waterfront, the Carolina gunners sent salvo after salvo toward the Abolition vessel which soon chose discretion over valor and turned about. With the roar of Southern guns to bid her adieu, she disappeared in the direction of the open sea and has been seen no more.

Even as authorities were warning Federals at Sumter that any further attempts would be repulsed in the same manner, word arrived of the Secession of Mississippi and thrilled the assembled crowd.

The Mississippians voted 84 to 15 to adopt the ordinance of Secession measure offered by the Judge-announced by the Honorable William S. Barry, after an antisection measure offered by the Judge William Yerger had been shouted down 73 to 21. The successful resolution was originally proposed by Delegate L. Q. C. Lamar, who led those devoted to the precious rights of freedom throughout the meeting.

As the crowd packed into the Convention Hall swept out of doors

following the vote, a group of patriotic ladies presented Mr. Barry with a beautiful banner bearing a magnolia tree and a large single star.

"The first flag of the new Republic," shouted Barry who was borne on the shoulders of the crowd while the Jackson Militia fired a series of salutes.

The Sovereign and Independent Nation of Florida asserted its right to leave the unholy bonds of tyranny on the 11th, and magnificent Alabama followed suit the day following. Thus the forces of freedom have been reinforced by the brave and patriotic peoples of three new Republics.

The Florida Convention was called to order by the Judge John McGehee, and after listening to several short addresses by commissioners from South Carolina, Alabama and Virginia and a speech of protest by George T. Ward, it voted 62 to 7 for disunion.

Madam Murat, grandniece of General George Washington and a famed Florida beauty, fired the first cannon saluting the memorable event, while the ladies of San Augustine produced a beautiful new flag bearing LET US ALONE as its warning legend. The banner was promptly hoisted in the square. In Montgomery crowds hailed the momentous 61 to 39 vote for Independence with a tumult rivaling that of Charleston. The Alabama Convention also authorized Governor Moore to dispatch 500 troops to assist Governor Perry in defending Florida against the hostile forces at Pensacola.

Most important, the delegates gave full attention address by the Honorable A. P. Calhoun, South Carolina Commissioner to the Convention.

"Here, where brave hearts are unnumbered; where strength and bravery are present in every resolute face; here in Alabama must the seed of a Southern alliance be formed. We of South Carolina, and your brethren throughout the South, await your call."

The Convention immediately adopted a resolution inviting representatives from the seceding States to meet here on February 4th next for purposes of "consultation and action deemed desirable for our common security".

This action may lead to a military alliance between the Southern Nations sufficiently powered to convince the Yankee rebel that the South will not tamely submit to interference in its affairs, or to the destruction of its rights.

Meanwhile, the people of the Cotton Nations are taking strong steps to provide for their security.

The citizens of Smithville, North Carolina grew tired of the dilatory tactics of Governor John Ellis last week, and sprang to action. Mustering the Smithville militia company they advanced on nearby Fort Johnston, forced the garrison to evacuate, and hoisted their banner.

In Louisiana, Governor Thomas Overton Moore has not hesitated to take steps he considers necessary to the peace and security of his people, although the Pelican State will not vote on Secession until later this month. Troops were dispatched down river last week, and three days ago seized Federal Forts Jackson and St. Philip below English Bend on the Mississippi. At the same time Bellville Iron Works, The United States Marine Hospital at New Orleans was also occupied by elements of the Crescent City's famed

Washington Artillery. At dawn yesterday, militia troops seized possession of Fort Pike on the shore of Lake Ponchartrain and eliminated the last major base available to the Federals in that area. With these actions, the fierce and warlike citizens of Louisiana have announced that their rights cannot be challenged without impunity. There seems to be no doubt that their grave leaders in the legislature will ratify Governor

David Barkemeyer Breaks All-Time Yoemen Basketball Record Recently

Yoemen basketball star, David Barkemeyer, contributed to the sports highlight last week when he scored 32 points against the Rockdale Tigers breaking an all-time Yoemen record.

Twice before, in his three year career, Barkemeyer has fallen one point short of the 30 points. Gene Hillman is his most recent competitor to hit the basket for 29 points. He did it in 1958.

Barkemeyer thus far this season has a total of 252 points to his credit after 13 games in which he has seen action. His 11 points against Caldwell last Friday (his poorest performance of the year, point wise) dropped him from a 20 point average per game to 19.5.

Mondrik Minimax Breaks Bowlers Tie Last Week

Mondrik Minimax broke last week's tie for first place in the Cam - Roc Bowling league by maintaining a high average this week and bring their season record to 38½ wins to 25½ losses.

McDonalds Plumbing is runner-up and Lone Star Beer remained in the number three slot. Farm and Ranch dropped from second to fourth place.

High series for an individual for the past week was rolled by Marie Ann Laake with 497. Frances Villines and Annette Mees were second and third.

Lone Star Beer rolled the high point team game with 242. Farm and Ranch and Pearl were next in rank.

Single high game for an individual was rolled by Helen Seeke with 188. Clara Biskup and Annette Mees with 187 and 186. Lone Star Beer's 765, Mondrik Minimax, and Pearl Beer rounded off the high single team game.

Annette Mees again held the best league average, a 154. Bennie Mayer and Marie Laake and Clara Humprik rolled 151's and 149's.

Hollas, Humprik Childress Roll High In Tri-City

Charles Hollas, Joe Humprik and G. Childress, were placed in the high series individual column of the Tri - City League with their scores of 527, 526 and 521 consecutively in last weeks competition.

High game individual went to G. Childress, 237; Everett Biers, 214; and Knubby Moore, 213.

High series team was Childress Insurance and Real Estate with 2351; second was Rosebud Volunteer Fire Department, 2231, followed in third place by Whites, 2261.

Rosebud VFD, 842, rolled high single game team with Citizens National Bank, 812 and Gaither Motor Co., 87 close behind.

Milano Defeats Yoe C Team Wednesday

Milano's 7th and 8th graders handed Cameron a double defeat last Wednesday night in Milano by one and two point margins.

The 8th grade Yoe Yoe's lost by a 16 - 15 count and the 7th graders ended up on the tail-end of an 11 - 9 count.

The loss gave the 8th grade team a 3-1 won - loss record, and the 7th graders a 1-3 won - lost record.

Mike Perrin paced the 8th grade scoring 9 points. Judson Smith and Dickie Ponder got 2 apiece.

The team relinquished a 10.5 first half lead as the Milano squad showed new life and came on with the victory.

The 7th graders were deadlocked, 9 - 9 at the end of 4 quarters. Two minutes of overtime gave Milano the needed edge.

James Hoskins and Kenneth Angell tallied 4 points each for Cameron.

399 Game Arrests; \$12,921.58 Fines

AUSTIN — Hunting and fishing without a license topped the list of arrests made in November by game wardens, according to the December report of the director of law enforcement of the Game and Fish Commission. There were 55 who tried their luck hunting and 85 on fishing without first buying the required license.

There were 48 booked for hunting species on which there was a closed season. Night hunters accounted for 43 arrests.

Game wardens also booked 15 persons for failure to have portable toilets and 32 persons for failure to have portable toilets.

In all there were 399 arrests, and fines and costs came to \$12,921.58.

CAMERON HERALD VIEW ON SPORTS

— WITH ROBERT MANN —

"We wuz robbed," sounds the typical Yoemen basketball fan following last Friday night's 45-43 loss to the Caldwell Hornets.

Friday the 13th brought nothing but bad luck to the Yoemen as their shots rolled in the basket, only to roll back over the rim as a houseful of Yoemen fans backed their team every inch of the way.

The Yoe High School swing band was present at the contest and played such tunes as "Peter Gunn", "Red River Rock" and "Rebel Rouser" to keep spirits high and voices loud in the Cameron gym.

In view of the district standings, which posts Cameron in the bottom position, it might be well to mention that the two district games played have been lost by a 7 point total. Rockdale topped the Yoe with a five point margin, 58 - 53 before Caldwell's two point edge.

VOS

The Yoemen B team isn't doing so bad for themselves either. They've posted a 3.3 record and have three boys averaging 7 points or more a game.

In Ada Henderson the 8th grade team has composed a 3-1 won-lost record. The 7th grade team has the identical record in just

Hornets Tromp Yoemen, 45-43

Friday the 13th brought bad luck to the Cameron Yoemen as they lost a last minute battle to the Caldwell Hornets, 45 - 43 in their second district basketball game of the season.

A large crowd of aroused spectators watched while the scoring lead rocked from team to team. The Yoemen tied the game in the last few seconds of play, only to have the two points not count, due to a time - out called on the court.

The clock was ran back to 15 seconds and the 2 points were disregarded, much to the disappointment of the houseful of Yoe fans. The Yoemen's attempt to tally in the last seconds was fatal.

Ben Mynor and Hovorok, both 6½ footers, paced the Caldwell

Weight Lifting For YHS Athletes Now Underway

"My aching muscles" is the most repeated phrase uttered by Yoe High School athletes the past two weeks, due to the new weight lifting program, installed by Head Coach Bill Bates.

Now in full swing, the program includes basketball players, track candidates and future grid - iron probables. The entire group numbers about 113 boys.

The weights were made by the coaches with forms supplied by Bates. They are shaped like regular barbells and made from concrete slabs that can be removed and added for the regulated weight needed. Top weight is 135 pounds.

Football and track enthusiasts, which number 49, work with weights the last period of school under the direction of Bates and Coach Johnson.

Basketball Coach, Jack Larimore, works with his A basketball players and assistant Coach Harrison McLerran handles the B team basketballers.

The idea for the program originated from Bates who worked with the program at George West last year. He credits a good deal of his past football team's success to weightlifting.

Larimore, a former College Physical Education instructor is a former weight lifter from high school and college days. He credits the reason for so many schools using weights to the improved weightlifting programs now provided.

Seventh and eighth graders have a session with the weights every morning. Larimore and McLerran work with this young crew.

Game Department Reorganization Set For Sept. 1

AUSTIN — A complete reorganization plan, including a tentative budget, has been adopted by the Game and Fish Commission, following its regular meeting in Austin, Jan. 6. The plan is the first phase of a report of the Texas Research League, which was requested last year by the Commission.

Although the plan is expected to go into effect Sept. 1, the final decision on its adoption cannot be made until after legislative action, according to Howard Dodgen, executive secretary of the Commission.

The plan proposes that the State be divided into five regions with each region to be complete within itself. However, general policies and administration would continue to come from the Austin office.

Fish hatchery operations would be curtailed; the State would buy automobiles for game wardens and a new system of selling hunting and fishing licenses direct to license deputies at a 4 per cent discount, are among the high lights of the recommendations.

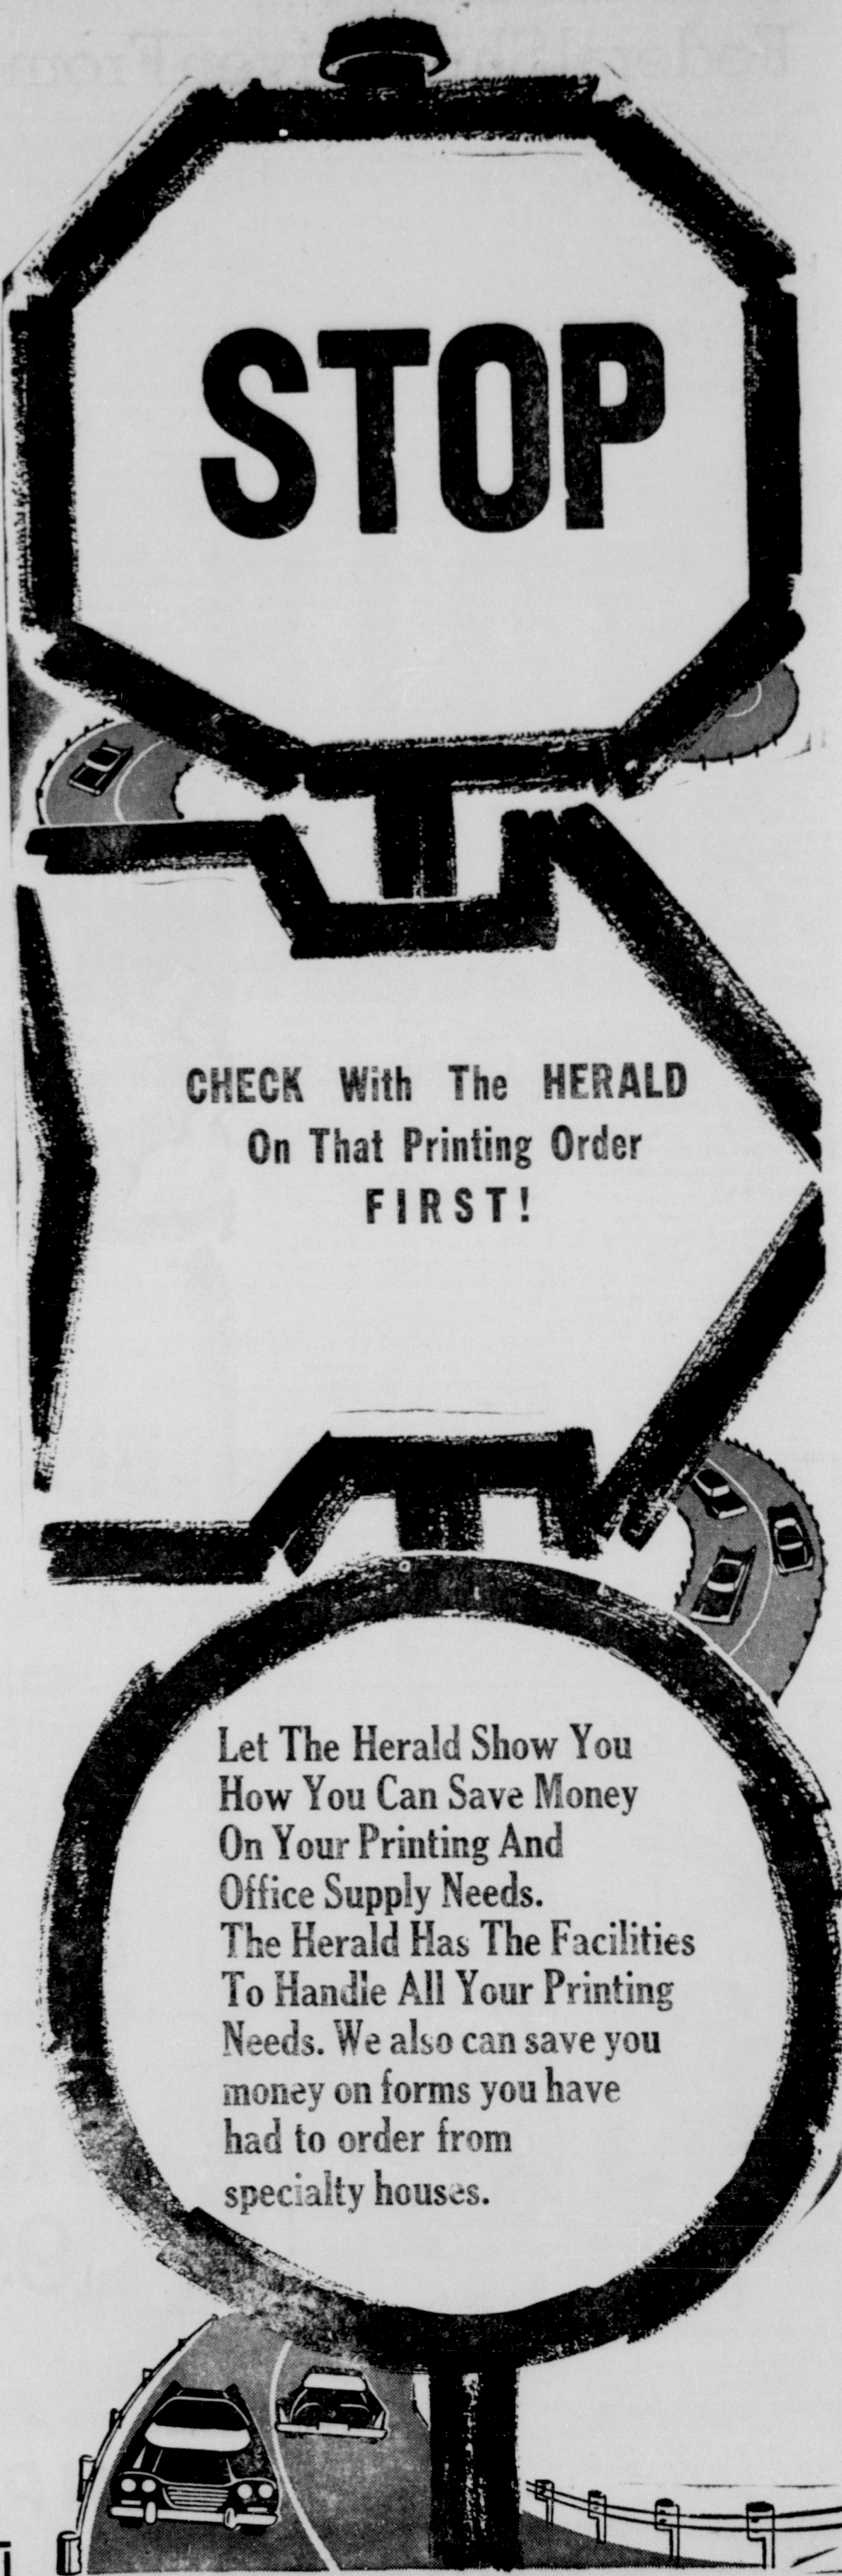

Another project would be the funneling of \$200,000 game department money for the first biennium to provide recreational facilities in State - owned parks on the coast and on inland lakes.

The plan will call for the transfer of many of the present employees of the Commission, giving them more responsibility, with the addition of some new personnel.

## Highway Officials Urge Motorists To Inspect Vehicles

The director of the Texas Department of Public Safety today urged motorists to secure their 1961 vehicle inspection stickers "before the time gets short and the lines get long."

Col. Homer Garrison, Jr. said approximately half of the inspection period has expired. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be when the April 15 deadline approaches.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law, Garrison said.

"The 4,800 authorized inspection stations over the state are ready and capable of handling the inspection of Texas registered vehicles without delay of owners will not wait until just a few days before the deadline," he said.

Garrison called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13 per cent to five per cent.

The purpose of the motor vehicle inspection program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident," he pointed out.

## Air Force Recruiter To See Enlistees

# The Citizens National Bank Drive-In

## Now Open For Service

Night Scene . . Citizens National Drive - In Bank

## New Drive - In Bank Strikes Dramatic, Functional Role

There's a dramatically different kind of building at the corner of Main and Travis in Cameron. It is the Citizens National Drive-In Bank, the first in Milam County and the only such facility within 30 miles of Cameron.

Perhaps most impressive is the solar - screen tile that contrasts with the tangerine red trim and the functional modern design of the building and grounds by W. R. Dede Matthews, Bryan architect.

But just as beautiful is the balance with which the whole bank building and the native oak tree and sycamores have been blended.

And yet the main purpose of customer convenience and service has not been lost in making the drive - in facility a handsome addition to Cameron.

Customers can enter the cor-

ner lot from either Main or Travis Streets and make their bank transactions quickly. And they can park their car in the 10 - space parking area if they want to do business at the main bank.

Surrounding this brand - new kind of banking addition is the handsome landscaping touch of dwarf plants, Alsatian ivy under the Big Oak, shrubbery and rock decor. Landscaping is by Caldwell & Caldwell, of Bryan and Houston.

And the lot is framed in by a Cypress fence in natural finish. The drive - in facility itself is a functionally designed combination of steel girders and framework, grey decorator brick, the attractive solar screen tile and aluminum trim.

The steel structure is part of the basic design and is empha-

sized with girder tips painted to match the bright areas of color of the building. And the tall Citizens National sign on Houston Street carries out the drive-in's light, modern appearance in plastic and steel.

The inside of the building is complete for two tellers use with desk areas, closet and restroom today.

Bank officials invite you to drive in and use the facilities of the Citizens National Drive-In Bank, facilities designed in keeping with the exterior. Modern equipment throughout makes this drive - in facility, inside and out, a real banking asset to Milam County and Cameron.

### Convenience Is Patron Keynote At New Facility

The in - car convenience of banking at the Citizens National Bank's modern drive - in at Travis and Main Sts. is something new to Milam Countians.

The new drive - in facility, first in the history of Milam County banking in a 30 - mile radius of Cameron, provides service to every customer that upto now was considered "big city" convenience.

A Citizens National Bank customer can drive into one of the two spacious teller's ports, make his financial transaction and drive on his way in a matter of a minute or two, without leaving the car . . . and without concern for parking meters or finding a parking place.

Special attention has been given every detail for customer service, especially the provision for entrances and exits on both Travis and Main Streets to one of the two teller's windows.

And parking space is available for customers wishing to transact business at the main Bank on Houston Avenue.

Another customer service is the Citizens National's envelope depository service available without your car which brings 24 - hour, 365 - day banking to every customer. You can make your deposit in one of the special envelopes any hour of the day or night you need no special depository key, making it more convenient than the post office.

And for business customers there is a night depository, just as there is at the main Bank.

The ease and convenience of Citizens National drive - in banking saves you time. You can bank at your lunch hour and still have time for lunch. The lady of

**DRIVE-IN BANKING** — Here's how Citizens National Bank drive-in customers will appear from within the teller's window at the bank's new drive-in. The customer merely opens his car window as he comes along side the window, makes his request for service through a microphone just outside the window. Then the teller, silhouetted here, push-

es a lever that opens a drawer on the outside. Customer merely places deposit or withdrawal material in drawer, and waits for teller to record transaction and complete the return of cash or receipt by the same drawer. The operation takes a few minutes or less and sends the Citizens National customer quickly on his way, without leaving his car.

## Here's How You 'Drive-In, Bank'

What happens when you drive into the Citizens National's new drive - in bank and ask for service?

That's the question bank officials hope you ask as you approach the drive - in windows on either side of the new facility.

Because Citizens National has planned well in advance to have the answers.

Let's say you are driving to the bank's Main & Travis location. (Check map below). You have a choice of turning into the bank from either street.

Once up beside the teller's window, what happens?

Easy! The teller, either Adrian Richter or Ernest Moore, will slide a drawer out toward your car where you sit, window open, ready to make your transaction. You place your check or deposit in the drawer, tell the teller on the outside microphone what you desire and wait for him to take in the drawer, remove the papers and return your receipt or money in the same motion. You withdraw the papers and go on your way.

For you and the teller can communicate since he also has a microphone in his stainless steel, bullet - proof teller's window.

If there is need for contact with the main bank, the teller merely picks up a direct line telephone to the main bank. Or if he needs additional cash for large transactions, he can get 7-

second delivery by the pneumatic tube connecting the two facilities.

Inside, the tellers have every form and bank material you might need for banking at Citizens National, and they can perform the same services you can get at the teller's window of the main bank.

They also have piped music, year - round air conditioning and working space to assure you prompt and courteous service.

Why not drive in today and take advantage of the many facilities designed for your banking needs at Citizens National?

### Many Services Available At Drive-In Bank

They are using nothing but new money -- coins and currency -- since the new Citizens National drive - in facility is open.

But that's not all. Any service available at a teller's window at the main bank is yours at the Citizens Drive In without leaving your car.

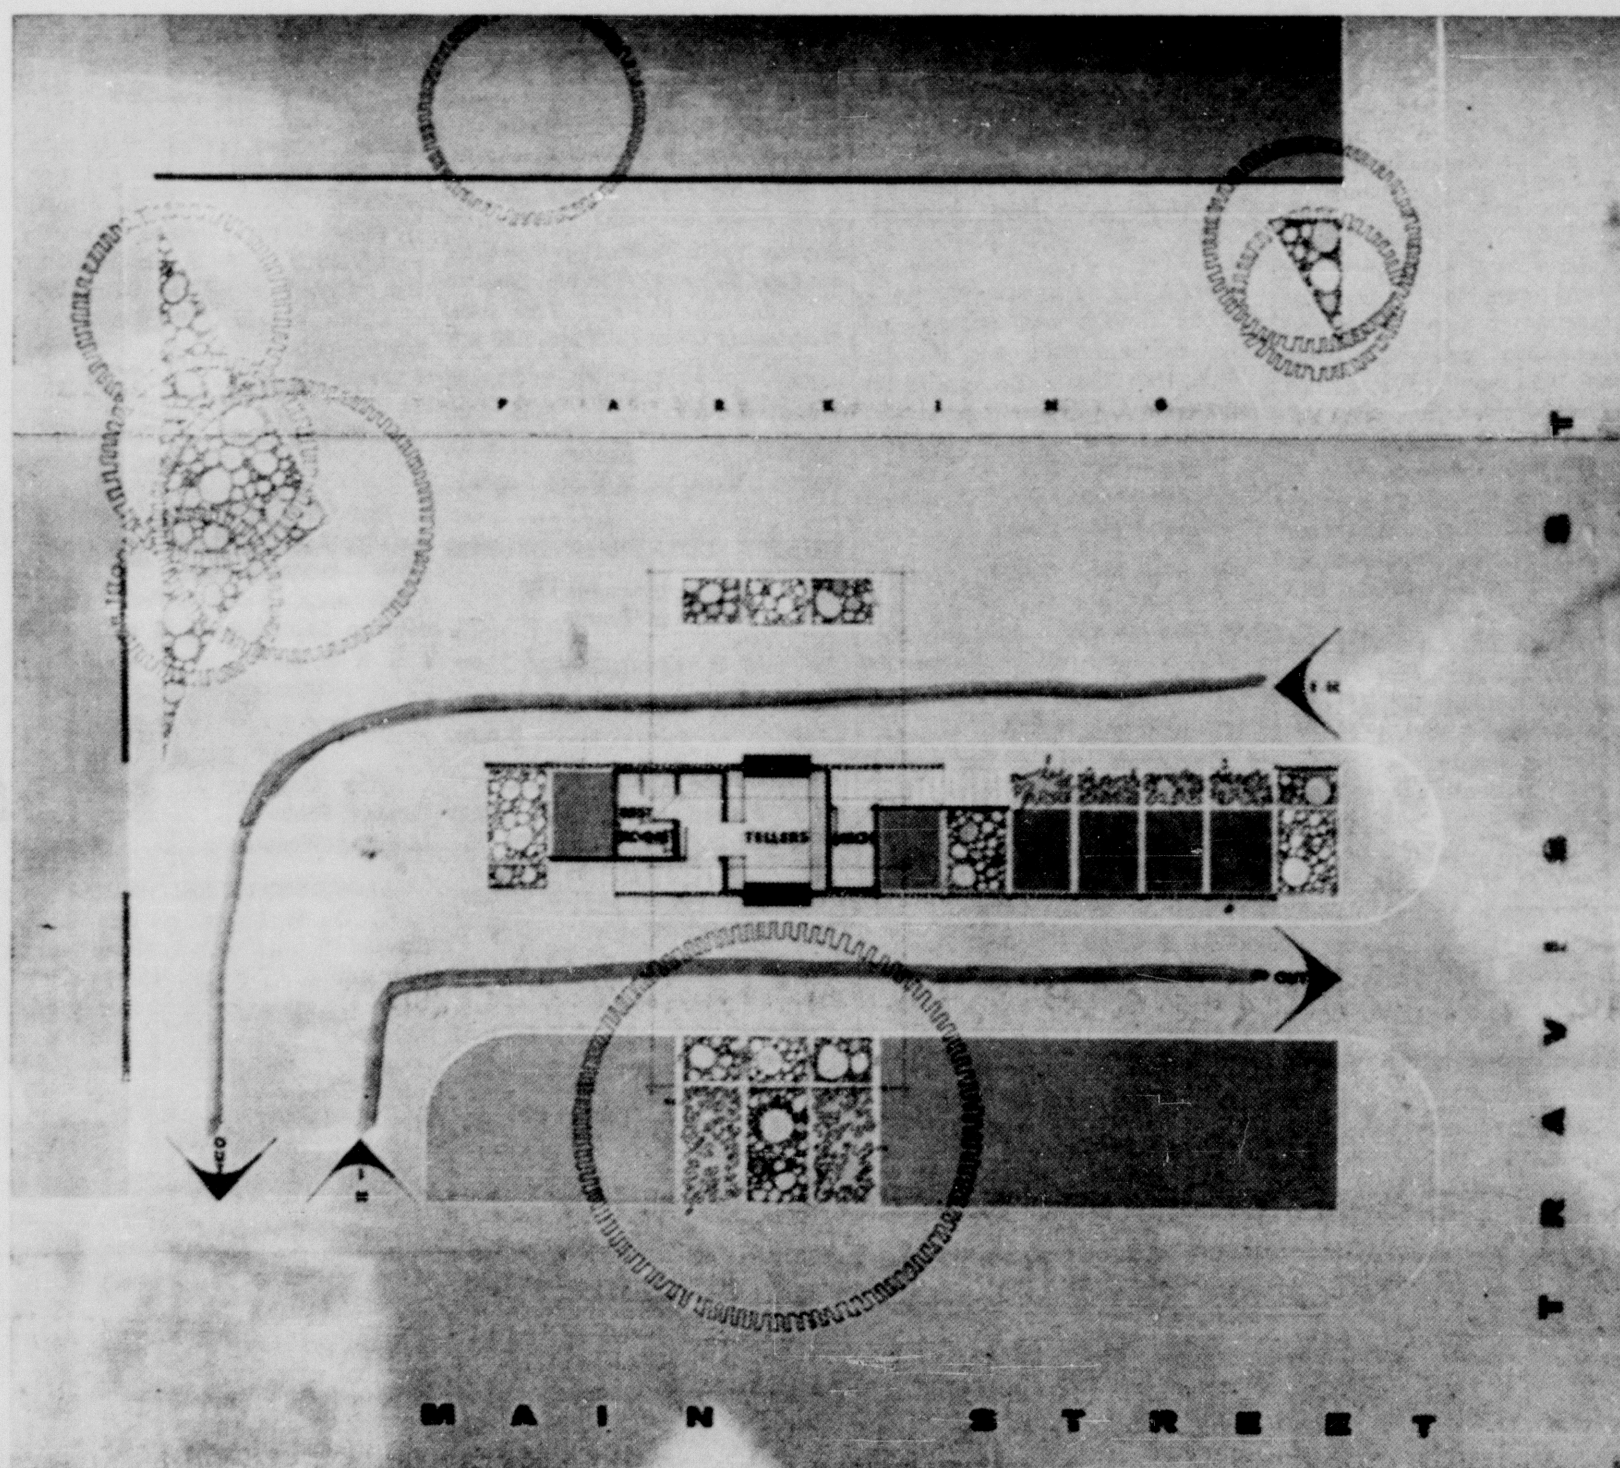

There is the 24 - hour, 365 - day envelope slot service where any customer can make a bank deposit any time day or night . . . and without a key.

And there's a night depository for business customers who would prefer to place their business's deposit from their car rather than walk to the corner night depository at the main bank.

Other services available include: making deposits, cashing checks, making change, and distribution of checkbooks bank supplies and coin wrappers to customers.

Yes, the Citizens National Drive - In has everything a good bank can offer in convenience and service for around - the - clock banking. And it costs you no more.

## Educational Material

# New Low Postage Rates On Books

"The exceptionally low rate of postage on books and certain other educational materials makes them inexpensively available to millions of our people," Postmaster John Hays said today. "This contribution of the Postal Service to a well-informed public is important to our free democratic way of life and to world understanding and peace."

Under the present rate, parcels weighing 16 ounces or more, containing books; 16-millimeter films and 16-millimeter film catalogs (except films and film catalogs mailed to commercial theaters); printed music, printed objective test materials, phonograph recordings; and manuscripts for books, periodical articles and music, may be mailed at the rate of 9 cents for the first pound and 5 cents for each additional pound. Thus, 5 pounds of books may be mailed from New York to Los Angeles for just 29 cents, while the ordinary parcel post rate would be \$1.05.

All parcels to be mailed at the special rate must be clearly endorsed on the address side of the wrapper "Educational Materials" and are subject to the following qualifications:

1. Books must contain 24 pages or more, 22 of which are printed, permanently bound and consisting wholly of reading matter. No advertising, other than incidental announcements of books, is permissible.
2. 16-millimeter films must be positive prints in final form for viewing and 16-millimeter film catalogs must be 24 pages or more, at least 22 of which are printed.
3. Printed music must be in bound or in sheet form.
4. Printed objective test materials and related accessories must be used by or in behalf of educational institutions in the testing of ability, aptitude, achievement, interests and other mental or personal qualities with or without answers, test scores, or identifying information recorded thereon in writing or by mark.

Parcels containing books may weigh up to 70 pounds and measure a maximum of 100 inches in length and girth combined. The following items may be enclosed in such parcels without affecting the rate of postage: A reply card or envelope; a single order form; a printed circular relating exclusively to the book with which enclosed; incidental announcements of books printed in book pages or as loose circulars; and an invoice.

"When depositing books or other educational materials in the mails, be sure to tell the accepting postal employee," says Postmaster Hays, "so that he may see that your parcel is correctly endorsed and charge the proper rate of postage."

An artistic arrangement of dolls in the living room set the theme for the program. Mrs. Earl Knebel discussed the subject "Are Parents Worried about the Wrong Things?" Mrs. James Wiggs spoke on "Encouraging Creativity in Children." Mrs. Carroll Green developed the subject "Teaching Respect for Individual Differences" and Mrs. Bob Foster took the topic "Helping Assume Responsibility."

Following a short business meeting a salad plate was served. Centering the serving table was an arrangement of pink wood-roses in a milk glass container. Mrs. John A. Smith Jr. and Mrs. Earl Knebel assisted at the tea table.

The next meeting for the Three Arts Club will be in the home of Mrs. E. O. Smith Jr. with Mrs. John Schigut co-hostess.

## Civic Garden Club Hears Mrs. Vaculine

Mrs. Stanley Vaculine presented the program "Techniques in the Art of Making and Designing Plastic Flowers" at the Civic Garden Club meeting Thursday.

Mrs. Vaculine demonstrated making plastic flowers by showing the process step by step: filling the molds, baking the required time, trimming and assembling to show the finished product.

She also displayed Christmas arrangements made of holly and poinsettias, and specimens of roses, gladiolas and dogwood. Corsages of holly and orchids were also shown.

A business session preceded the program and also a short talk on "What is a Tree Worth?" by Mrs. R. G. Grabain in observance of Arbor Day, Jan. 20. Several members will attend the Landscape Design School to be held at A & M Memorial Student Center on Feb. 22-24.

**NEW OFFICER** — William Kelm is a new assistant cashier at Citizens National Bank, Cameron. He was named to the post following a recent meeting of the bank board of directors. He is the son of Mr. and Mrs. W. R. Kelm, Rt. 1, Burlington. Kelm has been with the bank since 1953.

## Three YHS Girls To Appear In Contest

Three Yoe High School students, Verlene Cochran, Annette Dodd and Lanette Laffere are among 100 Central Texas girls who have been requested to send in information to Dub King in connection with KCEN-TV's 4th annual Miss Versatility Contest.

From this number, 44 girls, 22 to appear on each of two TV programs, will be selected. Girls who are in their Junior or Senior year in high school, who have good personalities, who are outstanding in some phase of school activity and who are versatile enough to participate in other events have been chosen.

After the girls have sent in the requested information, a group of judges will select the 44 girls who they believe are the most versatile.

## Hilliard Thomas Is Guest Speaker For Delphian Meeting

Mr. Hilliard Thomas spoke to the Delphian Club Tuesday afternoon using the topic "You Too Can Grow Roses". The club met in the home of Mrs. Walter Sharpe with Mrs. Hilliard Thomas as special guest.

Giving the main points in rose growing Mr. Thomas included plant selecting, planting and pruning. He also showed illustrations of rose varieties and colors.

Following a short business meeting refreshments and spiced tea were served in the dining room. The tea table was covered with a green cloth and centered with an arrangement of white mums flanked by white candles in silver holders. Silver appointments graced the table.

**After - Noon Singles**  
Jodie Pernice rolled the high game of 120 last week in the After - Noon Singles Bowling League and Marie Ann Laake took the high series, with 483. Mrs. Laake also ranked high in the league with handicap, 42.60.

## 35 Years Law Officer

In 1924, Judd Davis then Mayor of the City of Cameron, Texas appointed Joe H. Richter deputy marshal, which position he held for 25 years. During this time he served under the following Mayors of Cameron, W. W. Chambers, Charles C. Smith, Sr., Leiland Green Sr., A. W. McCullin and Roy Griffith. In 1950 Mr. Richter was elected City Marshal, re-elected again in 1952 and 1954. During the six years as City Marshal he served under Mayor A. N. Green and O. B. Horstmann. In 1956 the office of City Marshal was abolished, then Mr. Richter was appointed Constable to fill the unexpired term of B. F. Bailey. In 1956 was elected Constable for four years, and in 1960 he did not seek re-election due to ill health.

Mr. Richter would like to take this opportunity to express his sincere thanks and appreciation to the people in and around Cameron, Texas for their wonderful support and cooperation during these years and in particular to thank everyone for their kindness during his illness.

## How About Early America?

Editorialists and observers of the American scene have spent the past year appraising the United States' direction or lack of it.

Public reaction has been a split vote in the presidential race, a continuing pursuit of the Russian "space phantom" and no apparent gains in U. S. prestige.

One can make an intellectual game out of determining national policy. But the hard fact is that policy must be real, not fanciful and indeterminate.

Thinking out loud, so to speak, has raised more questions than answers and further muddled national decisiveness. And often, the questions are posed by unqualified voices.

We hear military men philosophize on education, college professors expound politics and politicians on economics.

Unfortunately, national leadership cannot be as liberal in listening as the multitude is in exercising freedom of speech. A great number of the clarion cries contribute little more than proof of that freedom.

Someone has to mold the mass to some specification.

Someone has to look with certainty and stop "turning our cheek" away from national catastrophe.

When a mosquito buzzes at your ear, you swat at it. In the case of a Cuba, rather a mosquito, the U. S. must stop the buzzing. Whether or not we are a colossus by comparison hardly remains relevant. Cuba is an annoyance looking to grow on our inaction.

In the case of scientific (and in turn, propaganda) development, this nation

## Dateline . . . Washington Legislature Has Few Active Weeks

By Cong. W. R. Poage

We have had few more active weeks - visitors, correspondence, office - seekers, Post Office problems, preparation for the Inauguration, along with an effort to get our files and records back from Texas. At the same time, little has been accomplished from a legislative standpoint. It was not until Thursday that the President sent up his message. Then he did not present it in person but only forwarded a copy to be read. It was little more than a campaign document three months late.

By the time you read this a decision may well have been reached on the organization of the Rules Committee, but right now the Democratic Party is about to pull itself apart in the middle, while the Republicans sit by and enjoy it.

This Committee must grant a "rule" for all controversial legislation before it gets on the floor. It is presently composed of 4 Republicans and 8 Democrats, but 2 of the Democrats are extremely conservative and often vote with the Republicans. When this happens, there is a tie vote and controversial legislation. While I am not in accord with some of the measures which the Leadership wants brought up, I do recognize that there is little use for a Congress if it cannot pass on really vital problems. I have often

felt that it might be well to eliminate the Rules Committee altogether and to let the regular committees bring bills directly to the floor, just as is done at Austin. Of course, all of us like the Rules Committee when it stops a bill we don't like and we criticize it when it refuses to bring out a bill we support. I doubt, however, that it is really sound or fair to let one or two men decide what should be considered. I, therefore, think I would probably vote to wipe out this Committee if that becomes the issue.

On the other hand, there is lots of talk about simply taking one of the Members (Mr. Colmer of Mississippi) off of the Committee. Advocates of this course justify it on the ground that Mr. Colmer supported electors in Mississippi who voted for Senator Byrd. I think that any official should support his own Party if he expects his Party to support him, but unless we are willing to apply the rule across the board and strip Congressman Powell of New York of his Chairmanship, since Mr. Powell voted for President Eisenhower, I would not vote to remove Mr. Colmer. I believe in Democracy, but I do not believe in favoritism.

There will be a Democratic caucus on this matter early next week. I hope it can come up with a fair solution of the problem. Then we can get to work.

## Dateline . . . Austin 57th Legislature Discusses Money

By Vern Sanford

AUSTIN — Texas' 57th Legislature began on a note that's likely to continue for some time -- difficulty over money.

Many House members felt their colleagues had made an awkward start in an awkward situation when they voted themselves salary raises as the first item of business. House voted 97 - to - 45 to put into effect the \$4,800 a year legislative salaries made possible when the people approved a constitutional amendment last November.

Objectors were quick to point out that (1) the state general revenue fund was at that moment \$85,249,951 in the red and (2) many lawmakers campaigned on an "economy in government" platform.

Rep. Raymond Bartram of New Braunfels said he felt the people would rather legislators take care of teacher salary raises and medical assistance for the aged before spending extra money on themselves.

H. B. 1, the legislative salary and expense bill, would divert some \$2,600,000 from the cigarette tax and drivers license funds. Money had to be "found," since the general revenue fund, as fast as it comes in, has to be used to pay the state's "hot checks."

Down the road are even more fireworks as the legislature searches for \$200,000,000 - plus to take care of the wants of other state agencies and services.

**TURMAN SPEAKER**  
Farmers and teachers have one of their own in one of the most important of state offices.

Rep. James Turman of Gober was elected Speaker of the House by a vote of 83 - to - 66. Rep. Wade Spilman of McAllen, whose support was largely from conservation House members, was the losing candidate.

Turman and his family operate a 103 - acre farm in Fannin County. He is a former grade school teacher and worked his way to a doctor of philosophy degree in education. For a time he was assistant to the president of Texas Women's University at Denton.

As Speaker, Turman's first big job is appointing House committees, due to go into action about January 23. By his selections, he can influence to a considerable degree how certain legislation will be handled.

**SENATOR ROBERTS HONORED**  
Sen. Ray Roberts of McKinney is president pro tempore of the Senate for the present session.

His job, largely honorary, is to preside over the Senate in the absence of the lieutenant governor. Also, he is second in line of succession to the governorship. By tradition, during each presidential term, the governor and lieutenant governor leave the

state so the senate president can serve as "governor for a day."

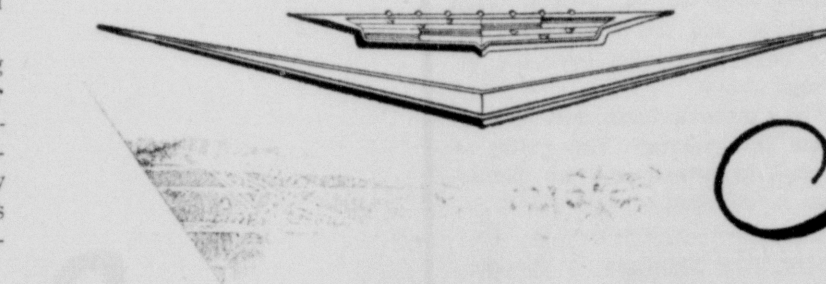

Senator Roberts, a World War II Naval hero, is a farmer and realtor.

**GRIST FOR THE MILL**  
Texas Legislative Council, an influential joint House - Senate study group, will offer a mass of proposals for new legislation.

Among recommendations:

1. Some streamlining, but not a wholesale re - writing of the state constitution. This will be a disappointment to groups working for steps toward a new constitutional convention.
2. Limitations on the annexation powers of cities and towns.
3. Increased facilities for juvenile guidance and care, including a home for dependent Negro children, facilities for mentally ill juveniles and regional training centers for delinquent youths.
4. Higher minimum coverage requirements for automobile insurance. Present minimum is \$5,000. A raise to \$10,000 or \$20,000 was suggested.

Another study group, a special Senate committee, recommends removal of some of the restrictions on investment of the permanent school fund. It suggests investment in corporate securities and real estate mortgages, guaranteed by the federal government.

Yoe Students To  
Attend Science  
Meeting In Waco

A group of Yoe High School science students and faculty will attend a conference on nuclear science at Baylor University in Waco February 9.

The group will join some 1,600 other Central Texas high school students, college students and faculty at the conference co-sponsored by Texas Power & Light Company and Baylor University. The one-day program will be presented by the Texas Atomic Energy Research Foundation of which TP&L is a member.

The foundation is composed of 11 investor-owned electric companies in Texas and is engaged in a joint research program with General Atomic Division of General Dynamics Corporation aimed at controlling the nuclear fusion reaction for the generation of electric power.

Two outstanding nuclear scientists will speak at the one-day symposium. They are Dr. Donald W. Kerst, a project leader of General Atomic's research program on controlled thermo-nuclear reactions and Dr. Park H. Miller, Jr., an expert in solid state physics. Both are among the world's leading atomic scientists. They are from San Diego, California.

Other speakers on the program include H. R. Drew, Executive Vice President of TAERF, W. W. Lynch, president of TP&L, George Beams, vice president of P&L and Dr. E. D. Schwetman, Dr. J. O. Fuller, Dr. George Ballew and Mr. Arch W. Hunt of Baylor University.

The program will also include films showing progress of the fusion research at General Atomic and other fusion research work in the United States.

Nuclear fusion is the process which provides the power for the hydrogen bomb and is the energy process of the sun and stars.

Students and faculty from some 84 Central Texas high schools, several colleges and Baylor University will attend the conference.

Mr. and Mrs. Roy Crittenden of Waco visited his mother, Mrs. Maud Crittenden at St. Edwards hospital.

Mr. and Mrs. Bruce Farr, Peggie and Dan Farr spent the weekend in Killeen visiting his brother and family, Jno Farr.

Self-Employment Tax For  
Farmers, Ranchers Under SS Law

A. P. Andrews, Administrative Officer of Internal Revenue Service at Temple, said today that most self-employed farmers and Federal Social Security law and must pay a self-employment tax. Rate of self-employment tax for the year 1960 is four and one-half per cent. This is in addition to any income tax payable.

Under Federal social security S. S. taxes are paid by employees and their employers, and a tax known as the self-employment tax must be paid by persons who are self-employed. These taxes are kept in special funds by the U. S. Treasury. They pay for old-age, survivors and disability benefits under the Federal S. S. program.

A self-employed person is one who operates his own business. Farmers and ranchers who operate a farm or ranch either on their own land or land rented from someone else, are self-employed. This holds even though they may employ someone else to do the work and do not live on the farm or ranch themselves.

The IRS representative reminded farmers and ranchers of this area that they must file a federal income tax return and pay self-employment tax due, even though they owe no income tax. Normally, no self-employment tax is due unless net earnings from self-employment amount to \$400 or more for the year.

"Farmers and ranchers who have actual net earnings from the operation of their farms or ranches of less than \$400 may, under certain circumstances, elect to pay the self-employment tax placing themselves in line to receive benefits under the S. S. system."

Self-employment tax rules, together with tips relating to the

federal income tax, are explained in the instruction booklet which farmers and ranchers will receive in the mail along with their blank forms. For those with unusual problems, copies of the official pamphlet, "Farmer's Tax Guide," may be had by contacting the IRS office or county agricultural agents.

Those needing help in preparing their income or self-employment returns may check with the local IRS office by telephone or in person. Taxpayers are urged, however, to fill out their own returns as far as possible "before" asking Internal Revenue help.

The IRS representative reminded farmers and ranchers that February 15 is the deadline for filing their income and self-employment tax returns if they do not file an estimated return on January 16. If an estimated return was filed and the tax due paid on January 16, farmers and ranchers have until April 17 to file their final return for the year 1960.

## Outdoors In Texas

By Vern Sanford

How many times have you driven through one of our National Forests, looked up at the giant wall of trees lining the highway and wondered what secrets they hold? What kind of activity takes place amid those thousands of acres of timber and underbrush?

All the while you're wondering wheels are turning and many things are happening deep in those ghostly woods. Tall pines are tumbling to the ground as automation rips their trunks with roaring saws. Timber is hauled out by the thousands of tons.

Wildlife lives and dies, by the normal acts of nature and by man with power and lead. In many areas, conservation agencies work to manage and propagate some of our favorite game species.

There's any number of activities, both industrial and recreational, concealed behind that great wall of timber and pine needles.

Some of it helps pay state bills. Only recently Gov. Price Daniel was presented with a check for \$636,547.92 from the U. S. Forest Service as the State's share of the income from the sale of 119.4 million board feet of timber and other uses of the Texas National Forest during the fiscal year 1960. This is the highest income from timber since reinforcement started on the forest of East Texas way back in 1935. Total income from Texas National Forests for 1959 was \$2,546,191.68.

Each county occupied by forest is a 25 percent stockholder, in the gross receipts according to Federal law. Texas allocates this income to schools and roads on a 50-50 basis.

Last year, the Forest Service spent \$289,462.69 on the maintenance of some 800 miles of roads on the 658,000 acres of National Forests. In addition, over \$104,000 was allotted the State Highway Department for the construction of forest highways.

Forest Supervisor John W. Cooper stated during the check presentation ceremony that watershed protection, outdoor recreation and fish and wildlife management of the forests are possible of equal or greater value to the State than timber production. Hunting and fishing in the forest are coordinated by the Texas Game and Fish Commission.

Some areas of the forest are fenced in. This was done to better control and integrate livestock management with wildlife habitat. However, signs will be posted on these sections to remind visitors that they are still welcome.

Certain special areas are designated for intensive game management and restoration by the Commission. One such area is the Angelina Wildlife Management Area composed of three different sections.

Each year, managed hunts are held on this area. If you passed through the Angelina Forest when deer hunting opened, you might not have realized that a public hunt was being held. Reports indicated that it was a very successful hunt.

If you pass through these forests during the spring and summer you may not get to see the hundreds of families and friends that have spread out their picnic lunches under the shadow of silent pines and hardwoods. Or, you may miss the smiles on the faces of the many weekend fishermen who stretch out on the banks of rippling streams that snake their way through the dense timber land.

You would need to turn off the main highways and byways to feast your eyes on little isolated communities which dot the Davy Crockett National Forest. To get acquainted with strange customs that live and die deep in the woods you would have to do more than just pass by in a speeding auto.

Inside those dark timbered hills live some of the most fascinating plants, creatures, and people you could find anywhere in Texas... or the world for that matter.

And the sounds of a forest are equally as fascinating. Whether it be the rustle of leaves, the screech of a feathered friend, the scampering of bushbills high above, the combination of all these, your ears will be filled with the music of the living forest.

So, with this glimpse of what

takes place deep in our great forest, you might now realize that they're not just made up of tall trees and moist soil.
